### PUBLICATIONS

---

#### Research paper

A research paper is based on mango leaf diseases in which I have worked on different kind of severity levels and their advantages and disadvantages. In a research paper, we also include their confusion matrix, parameter tables and references, and their results.

### Professional Skills

---

#### Technical skills

In technical I know about Html, CSS, Python, Java, Bootstrap and a little bit about Javascript.

#### Communication skills

In terms of communication skills, I am an active listener and adapt to new things easily and I am good at speaking.

#### Leadership

I have leadership qualities and lead my team easily. I can easily decide according to the situation.

### Projects

---

#### Interior design website

For this website, we use HTML, CSS, and Bootstrap. In this, I create a home page and other pages linked to the home page. In this, I include the Contact Us and About Us pages and also include different interior designs.

#### Employee record system

For this, we use Datastructure. In this, we have details about employee which are stored in the backend. When we can access any employee data then I can fill in the employee ID and all the details of that employee is shown in the screen.

#### Organic store website

For this website, we use HTML, CSS, and Bootstrap. In this, I create a home page and other pages linked to the home page. In this, I include the Contact Us and About Us pages and also include different organic products.

### Certification

---

#### Java

#### Python
